

test-ad-user

Requirements:

- **AutoHotkey** Installed ([see resources](#))
- **test-ad-user.ahk** in a "Running" state ([see .ahk](#))

(intended for use with Windows Active Directory)

When creating a new user in Active Directory, this script will use the hotkey assigned at the beginning of the script to automatically fill in the details for a test user with the following credentials:

Username

Password
