

set-printer-permissions

Requirements:

- PowerShell
- **set-printer-permissions.ps1** (see *.ps1*)

Self-explanatory script. This script contains 3 usable blocks depending on the outcome you want:

BLOCK 1

Add specific User to specific Printer on specific server with "Print" and "Manage Document Permission

BLOCK 2

Add specific User to ALL printers on a specific server with "Print" and "Manage Document Permissions

BLOCK 3

Remove specific User from specific Printer on specific server
